

IN THE SPECIFICATION:

Please amend the paragraph beginning at page 10, line 3, as follows:

The semiconductor substrate 1 has a source region 5 and a drain region 6. In the case where the source region 5 and the drain region 6 are n-type, the region 7 other than the source region 5 and drain region 6 is p-type. In the case where the source region 5 and drain region 6 in the semiconductor substrate 1 are ~~n-type~~ p-type, the region 7 other than the source region 5 and drain region 6 is ~~p-type~~ n-type.
